To Whom It May Concern

Letter of Recommendation

I am pleased to write this letter of recommendation for **Mr. Tewelde Getye Asnake**, whom I have known since 2022 as a student in the Department of Computer Science, College of Informatics, University of Gondar. I had the opportunity to teach him **Software Engineering** and **Machine Learning**, where he consistently demonstrated strong academic performance, technical competence, and excellent professional conduct.

Tewelde has an excellent understanding of software engineering concepts, including software design, development methodologies, software testing, and project management. He effectively combines theoretical knowledge with practical application and has demonstrated strong analytical and problem-solving skills in software development projects. In Machine Learning, he showed a solid understanding of data preprocessing, model design, algorithm selection, and evaluation techniques, applying these concepts successfully in practical assignments and projects.

Beyond his technical abilities, **Tewelde** possesses excellent communication and interpersonal skills. He actively participated in classroom discussions, collaborated effectively with classmates during project work, and consistently demonstrated responsibility, leadership, and respect for others. His ability to work cooperatively in teams and contribute positively to group activities reflects his strong collaborative spirit and professional attitude.

Tewelde is hardworking, disciplined, and eager to expand his knowledge and skills. He approaches every task with commitment, integrity, and a willingness to learn, making him well-prepared for graduate studies and professional responsibilities. I am confident that he has the academic foundation, technical expertise, and personal qualities necessary to succeed in any challenging academic or professional environment.

I give **Mr. Tewelde Getye** my highest recommendation without reservation. I am confident that he will be a valuable asset to your institution or organization. Should you require any additional information, please feel free to contact me.

Sincerely,

Misganaw Abeje Debasu
Lecturer and Head, Department of Computer Science
College of Informatics, University of Gondar
