To whom it may concern

It is a great pleasure to recommend **Tewelde Gietye Asnake,** ***who was a student from computer science department, college of informatics, university of Gondar.*** *He is one of the most exceptional students I have encountered in my 8 years of teaching. I taught* **Tewelde** ***"Object Oriented programming"*** *and* ***"Multimedia Systems"*** *course. He demonstrated tremendous effort and growth throughout the semester and brought a great energy to class and even during his stay in our college. I am surprised to find out he is now ranked at the top of an extraordinarily capable class of students. He has a keen interest in and talent for problem solving using programming techniques. His advanced skills and passion for the subject make him an ideal fit for your organization.* **Tewelde** *is* professionally competent to any area of job requiring Computer Science qualification who has graduated in **Distinction** with a B. Sc.

I am certain and confident that **Tewelde** *is going to continue to do great and creative things in his future. I highly recommend him for admission to your vacancy. He is talented, caring, intuitive, dedicated, and focused in his pursuits.* **Tewelde** *consistently seeks out constructive feedback since* he has *belief in his ability to acquire new skills and improve through practice, which is a rare and impressive quality of the student.* **Tewelde** *is truly a stand-out individual who will impress everyone he meets. Please feel free and don't hesitate to contact me if you have any questions at* Achenef.Behulu@uog.edu.et.

I wish him all success in his future endeavor

Sincerely,

Achenef Behulu (MSc)

Lecturer, Department of Computer Science, College of Informatics, University of Gondar, Ethiopia
